NOTE:
1. Rural Schools with one and two teachers and short terms are not required to use the sketched seventh grade readers, nor Winslow's Healthy Living.
2. Primary Basal Readers are to be used before the Secondary.
3. In schools having only one teacher, it may be necessary to alternate some studies.
4. Require Composition work, letters, written exercises and declamations in connection with the regular lessons. Read one chapter from the Bible daily.
5. Teacher in each grade should have the Manual in writing designated.
6. The School Law requires pupils to take all the studies in their respective grades, but it may be necessary to alternate some subjects in order to get thorough work. Require examinations. Those pupils of the seventh grade who make an average of 75 per cent. in the seventh grade annual examinations, may receive a Certificate.
